Dear Mr. Weisberg

Enclosed New Years Card from T.M. I am working 7:00 — 3:00 every day but a message can be left with Mrs. Shaeffer for me to telephone or meet by people at a Japanese restaurant on the Gold Coast (Rush St.) Sakae Place to meet T.M.

P.S. I will let you know some of the reasons I am so glad to have read your books & to realize from C.B.S. radio broadcasts (WBBM Chicago) that Garrison's case is really about to be opened. I read Garrison's introduction to OSWALD IN NEW ORLEANS & realized the caliber of the man — I had been suspicious before that, or wary is a better word wondering if I read of the "accidental" or "natural" deaths of his witnesses. THIS MAN MAY BE DEAD I DO NOT KNOW. Please return enclosure with GARRISON sincerely, Tera Weisberg

P.S. I have been in contact with Garrison's office in New Orleans & I know that perhaps he was just making up a list of true observers & handing them over for annihilation. I hope he will understand why I have not contacted him.

I am Japanese & "American" combination a dual citizen of both countries (wanting to give up U.S. citizenship & retain Japanese & return to Japan) My Japanese family has been contacted by persons unknown to me (probably C.I.A.) & from collecting money cordially for my return in April 1965, by September 1966 I got cold official notes refusing to even show happiness at my prospected return advising me to stay in U.S.A. (They do not realize the attempts, the threats against my life & health I endure in this country!) Personal

BEWARE HE LIED TO ME or rather changed his story. HE IS SHREWD, but not intelligent. THIS TESTIMONY IS A SAMPLE OF WHAT I'M UP AGAINST. I doubt not although the contact continues as CHE GUEVARA'S look alike with same to me in July 1967 HAD A DREAM NIGHT of NOV 21-22 1963 in prison THAT THE SHOT THE PRESIDENT

Please return enclosure with GARRISON sincerely, Tera Weisberg

The I can recognize the gov't men ("sent from Washington") who see to it that as soon as I get a job there boss is spoken to & in a couple of days I'm "let go" — in fact every job I've been able to find is full of "familiar" faces (or shall we say LOOK-ALIKES?) anyway — I might as well apply to the C.I.A. for a list of C.I.A. employees who will try to

5) believe that all this has something to do with his investigation — if I had a more scientific mind I could figure it out better

But on Nov. 22, 1963 a negro [redacted] was in subway in new York — when I saw President Kennedy was dead. on this man disappeared & a person very hurt came to me in July 1964 who told me he had been in prison "mistaken identity" I thought he was the same man I had known — ruined broken in body & mind. Just recently I saw a picture of Che Guevara

3) prove I am not HERO MASUMOTO 2) I'm not really Japanese 3) my father was not my father, myself is not myself. I'd fast, while I'm awake they have not only stolen they have tampered with my brain, electric outlets — painted my pain so I could not work, "melted" my food — or with white lead or rancid fish leaves such a residue on boiled milk? Besides these physical

PLEASE ACKNOWLEDGE RECEIPT OF THIS CARD

4) discomforts — I have waked to find rope burns on my legs, clamp marks on my fingernails, "permanent waved" hair — my hair is straight fine Japanese — or graped hair or cut hair or pulled out areas in my [illegible]

If you are in Chicago — or if Winnie's people can contact me here — they better prove they're his agents & not some other ones — I would like to speak to them —

6) I came to Chicago on Sept. 22 1966 — I lived in a cheap hotel, where a C.I.A. self-admitted "employe" on my case talked when DRUNK or under DRUGS. I'd say. He had a gun, & a knife which he sharpened saying "I hate to do this, hara-kiri will be so bloody all over your room." This man said he "had met" HITLER'S FRIENDS & he started to tell me what South American countries some of them were living in now. He used the name of FRANK LOES (pronounced LOOSH) but claimed previous childhood acquaintance with me, so he may well be ALFRED STRESSEN-REUTER, factory owner of BENSENVILLE, ILLINOIS.

Dear Mr. Lifton: Is this correct? Please correct anything that is wrong. Thank you for your kindness in helping me. Sincerely, Lee Harvey Oswald

P.S. HAPPY NEW YEAR!

Parenthetically OSWALD IN NEW ORLEANS. As an excellent rhetoric of his assumption (phony business) that of supplying tools passports, letters with certificates, etc., obtainable by whispering that 1) I was engaged in espionage 2) I was a syphilitic 3) I was a prostitute 5) I was an addict, although to prevent my employment — believing you
